

## **POOL REPORT: Board of Directors Meeting: 2/20/2020**

After a cool few weeks - and now the return of warmer weather - the pool area has become very busy - especially with the winter residents, and renters, having returned.

Also, Jeff Schram mentioned to me that he had called AquaCal - to extend the special warranty on service and parts for our pool heater/cooler for another year. Jeff also mentioned that a service representative from the company will be here in early April to check and service the unit.

Respectfully submitted,  
David Martin - Pool Committee Chairperson.
