# NEW POOL RULES

Windrush Bay MUST do the following to be in compliance with Florida State Law:

During the months December thru March when the solar blanket is in the pool area:

1. When the pool blanket is rolled up and not on the pool,  
The holder must be 5 feet away from the pool so it needs to be pushed back by the fence.

2. When the pool blanket is covering the pool, the gate must be chained locked.

The first people at the pool each morning need to unlock the chain, roll up the cover, and push the holder back to fence.

The last people at the pool (no later than dusk) need to push the holder over to edge of pool, cover the pool, and chain lock the gate.

by the Board of Directors and the Pool Committee
